the month at 7 pm

Congratulations to the First Responders and Fire Department on joining together to become 1 department (Fire & Rescue). We will keep the community posted as to chief and assistant chief positions.

Thank you to both departments for their quick response to the structure fire over the holiday season. Your hard work is greatly appreciated by all.

We are still looking for one member at large to serve on the Executive Review Board. This board will deal with the hiring of and disciplinary matters for Fire & Rescue personnel. If you would like to offer your services in this capacity, let us know at City Hall.

Even though it is a little early, if anyone is interested in being on the parks committee please contact us at City Hall for more information or to sign up.

Bob Miller, Council Member

The January Planning Commission meeting had one public hearing for the rezoning of a 39 acre parcel on County Road 3 from Agricultural to Agricultural Residential. A recommendation was made to approve the rezoning and the City Council gave final approval on January 12.

**NOTE CHANGE OF TIME: The February meeting of the Planning Commission will be held at 4:30PM on February 2 (first Tuesday).**

Some of the ongoing topics to be discussed may be: Temporary Structures, Interim Use Permits (IUPs) v Conditional Use Permits (CUPs), Rental Storage Units, Preliminary & Final Plat deadlines, Zoning Map Amendments and determining Findings of Fact for variances. To some people this may not seem like the most exciting list of topics in the world, but it is necessary to address issues such of these so the Ordinances of Fifty Lakes are updated and are consistent.

As time goes on the City will keep you posted of any changes or potential changes.

Gordy Reller, Planning and Zoning Administrator
